## Level Crossing Removals

# Coolstore Road level crossing removal (Croydon) and station upgrade

#### > Project cost estimate: \$240M

Removal of the level crossing, including construction of a new, modern station and rail bridge over the road.

Design offers the greatest opportunity to connect Croydon's city centre - currently divided by the rail line.

Project will improve safety, reduce congestion, and allow more trains to run, more often.

Contributes to creating a level crossing-free Lilydale line which will change how locals live, work and travel. Journeys on the Lilydale line will be faster and local roads safer.

Preliminary site investigations have started and construction will be completed by 2025.

## Coolstore Road level crossing removal (Croydon)

Artist's impressions

## Bedford Road level crossing removal (Ringwood)

#### Project cost estimate: \$98M

Removal of the level crossing and construction of a new rail trench under the road which will improve safety, reduce congestion, and allow more trains to run, more often.

Contributes to also making the Belgrave line level crossing free from the city to Ferntree Gully.

Site investigations have started and construction will be completed by 2025.

### Dublin Road level Crossing Removal (Ringwood East)

Project cost estimate: \$186M

Construction of a new station and a rail trench under the road.

The preferred design will work well with the topography and ground conditions and will maintain access to the Ringwood East shopping precinct from Dublin Road.

Contributes to creating a level crossing-free Lilydale line and will improve safety, reduce congestion, and allow more trains to run, more often.

Preliminary site investigations have started and construction will be completed by 2025.

Maroondah 2040: Our future together

## **Council Projects**

## Jubilee Park Redevelopment

#### **Project Outcomes**

#### • Stage 1 \$3.5M

- > Multipurpose Pavilion
- > 200sqm social space
- Balcony
- > Female friendly
- > Accessible (DDA)
- > CV Office
- > Future proof (Stage 2)

#### • Stage 2 \$3.5M

- > Indoor Training Centre
- > 5 Lanes
- > Female friendly
- > Public/Game Day amenities
- Storage
- Spectator viewing
